- 13) What kind of expectations do you have for yourself and your future? What kind of person do you want to be? What are your goals, your dreams? As a student and scholar, Sanyelle Polk had great expectations and eventually became a General Motors Scholar, winning a full college scholarship. Listen to what she says about expectations:

***My grandparents taught me: the greater my expectations, the greater my accomplishments.***

Today, make the time to think about what your expectations are. Write them down. And then remember: Great expectations can lead to great accomplishments.

Today will be a great day if you choose to make it one!! Have a great day cubs!!!
