Good Evening Central Kitsap Middle School families,

I hope this finds you and your family safe, healthy and adjusting to our remote learning environment. We are here to partner with you in any way to help make this school year go as smoothly as possible. Please don't hesitate to reach out and contact us if you have a question or need help navigating anything.

Next week you will start to see an increase in the academic expectations for your student. Now that we have gotten textbooks and other resources out to our students we can begin working on academics. Last week you saw our first Weekly Learning Plans. As we communicated last week this information is just to keep you in the know about what your student is expected to do next week. You do not need to do anything with this information. Your student will get all of this information, and more, in their Google Classrooms directly every week. Every Friday, teachers will update our [CKMS Weekly Learning Plans Site](#) so you can see what the expectations are for the following week for your student. Our goal is to give families a consistent time to find plans and assignments that will give you the opportunity to stay informed and help your students with their learning schedules and routines.

Process for student attendance: With classes taking place in a virtual format, attendance will look very different this year. Students will be able to be marked present, if they connect with their teachers, interact with their classes or collaborate with their peers. Your child will be marked PRESENT if they attend the Google Meet, submit work or interact in some way with the teachers, complete assignments for the class, e-mail or correspond with teachers. Attendance will be taken daily by 2:30pm. Students will be marked as being in attendance if they have demonstrated participation since the last time the class was scheduled.

On-line and Digital Resource Permission Form: Please complete the following form for your student. [Parent/Guardian Consent to Use Online Resources](#)

If you need a Chromebook: You can request a Chromebook by filling out this [Chromebook Request Form?](#)

If you need your Chromebook repaired: If you are in need of Chromebook repair please go to and complete the [Chromebook Repair Request](#) form.

Please use this [Family Reopening Guide](#) link for more information

Have a great weekend!
